

Spring 2014

Marist College, in cooperation with the Mid-Hudson Human Resource Association, will offer a 12-week professional development program to help prepare human resource professionals to sit for the Professional in Human Resources (PHR®) or Senior Professional in Human Resources (SPHR®) certification exam administered by the Human Resource Certification Institute (HRCI). These exams assess generalist knowledge of the HR function. Certification is evidence of your commitment to your career and sets those with the credential apart and above those without it.
